

CREATIVE USES FOR PAPER INVOICES: NO. 50

Get 100% Electronic Invoices from Day One with Accounts Payable Automation from Bottomline.

Share Your Own Creative Uses for Paper Invoices and Win!

Visit www.bottomline.com/creative and enter our exclusive contest for *AP Matters* readers by sharing your best ideas for repurposing paper invoices. If Bottomline selects your idea for a future ad, you'll qualify to win a \$1000 travel gift certificate to be awarded live at the 2008 IAPP Forum in San Diego, CA.*

According to Aberdeen Group, companies today are spending, on average, more than \$10.00 to process a single invoice, with most of this cost reflected in the hours spent routing, filing and retrieving paper. At Bottomline, we've found a better way.

Our unique approach to Accounts Payable automation accommodates both paper and electronic invoices, allowing AP departments to take immediate advantage of more efficient workflow processes, such as automated purchase order presentation and matching, PO "flip" to invoice, invoice approval – even dynamic discounting.

Optional services for invoice receipt and line-item data capture enable businesses to transform any paper invoice into clean electronic data files that can be fed directly into Bottomline Business eXchange™ or an ERP within hours. It's 100% electronic from Day One.

To learn more about how Bottomline can help your company and your staff handle invoice processing more efficiently, visit www.bottomline.com or call **800.472.1321** to schedule a personal consultation today.

* Completed entries must be received by December 31, 2007. All complete entries submitted during this period via the Bottomline Technologies web site are eligible to win. One winner will be awarded a \$1,000 gift certificate from Garber Travel to be applied to any purchase booked through a U.S. Garber Travel office or representative. Gift certificates are valid for seven years. No Bottomline Technologies purchase is required to win. Winners are not required to attend the 2008 IAPP Forum to accept their prize.
