

# Bottomline Pressure Seal Solutions

Revolutionary Technology for Unsurpassed Efficiency

## What is Pressure Seal?

Pressure Seal is a revolutionary solution offering businesses and marketers a cost-effective and environmentally efficient way to create, process and deliver mailed pieces without an envelope. Pressure Seal forms can also be custom printed in office laser printers, complete with postage, allowing for control of costs, personalized designs and either bulk or one-off delivery of mailed pieces when necessary.

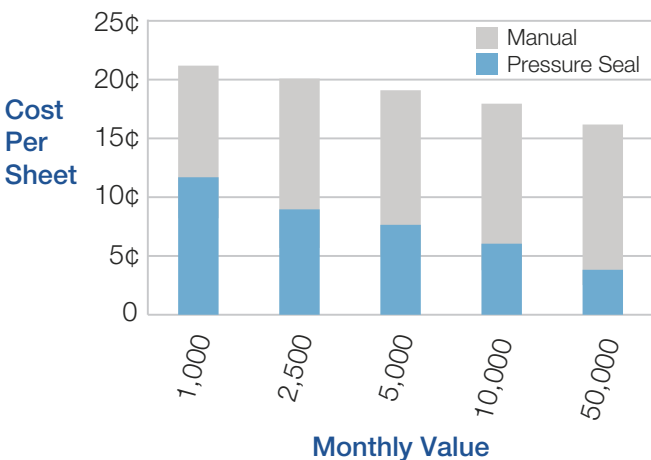

## Advantages of Pressure Seal

Once you print a Pressure Seal mailing piece in your color or black and white laser printer, the forms can be fed into any of the Formfax® pressure seal machines available from Bottomline. These machines take care of all the folding and sealing, utilizing pressure that activates the special paper coating that completely seals the edges to create a ready-for-mail document.

## Pressure Seal Reduces Costs

The savings in both time and money, compared to manual processing, is easily calculated. The graphs below illustrate exactly what can be gained.

*Pressure Seal can reduce your overall mail processing costs by nearly 50%.*

## Features & Benefits

No water, glue, heat or envelopes needed!

### Reduce:

- Processing time
- Manual costs
- Labor costs

### Eliminate:

- Unbalanced inventories
- Hand folding
- Envelopes & envelope stuffing

## Pressure Seal Self Mailers

Pressure Seal is the perfect solution for mid-to-high volume applications that normally involve inserting forms into envelopes, or when sensitive information is being distributed.

Unlike other types of mailers that require glue, heat or water to seal them, the adhesive on Pressure Seal forms is activated only when run through the high-pressure rollers on a Pressure Seal machine, commonly known as a Folder/Sealer. This special adhesive is specifically formulated for use in laser printers, and the process is faster and cleaner than any other self-mailing product on the market. The fold-and-seal construction completely eliminates the need for envelope insertions.

Available in a variety of sizes, paper weights and fold-configurations, Pressure Seal forms are versatile enough to fit nearly any job. The forms can also be affixed with labels or ID Cards and can even be designed to include a built-in reply envelope, further expanding the array of potential uses for this time and money saving product.

Pressure Seal forms have an extraordinarily wide range of potential uses. Here are some of the more common applications:

- Announcements
- Invoices
- Appointment Confirmations
- Juror's Summons
- Checks
- Newsletters
- Collection Notices
- Newspaper Inserts
- Coupons
- Overdraft Notices
- Course Schedules
- Parking Permits
- Direct Deposits
- PIN Notifications
- Grade Reports
- Renewal Forms
- Fundraising Mailings
- Statements
- Hotel Confirmation
- Tax Forms
- ID & Membership Cards
- Utility Bills

### Hours Spent per Month Processing 10,000 Pieces Manually

*Pressure Seal can reduce your labor hours, leaving time for other revenue-generating projects.*

### Stock Check & All Purpose Pressure Seal Forms

Item #	Color	Size	Layout	# Security Features
RPS811B	Blue	8 ½ x 11	Z-Fold Check	8
RPS811G	Green	8 ½ x 11	Z-Fold Check	8
RPS811R	Red	8 ½ x 11	Z-Fold Check	8
RPS811PR	Blue/Red	8 ½ x 11	Z-Fold Check	8
RS811BG	Blue/Green	8 ½ x 11	Z-Fold Check	13
RPS811CB	Blue	8 ½ x 11	C-Fold Check*	8
RPS811CR	Red	8 ½ x 11	C-Fold Check*	8
RPS814B	Blue	8 ½ x 14	Z-Fold Check	8
RPS814UB	Blue	8 ½ x 14	Uneven Z-Fold Check	8
RPS814UG	Green	8 ½ x 14	Uneven Z-Fold Check	8
RPS811W	White	8 ½ x 11	Z-Fold All Purpose	0
RPD811CW	White	8 ½ x 11	C-Fold All Purpose*	0
RPS811VW	White	8 ½ x 11	V-Fold All Purpose*	0
RPS814W	White	8 ½ x 14	Z-Fold All Purpose	0
RPS814UBA	Blue	8 ½ x 14	Uneven Z-Fold All Purpose	0
RC814BA	Blue	8 ½ x 14	One Part Two Way**	0

Custom designs available. Contact your Bottomline Technologies representative for more information.

\* Requires 2-sided printing  
\*\* Incorporates a return envelope

### Table Top Pressure Sealers

Item #	Duty Cycle Per Mo.	Processing Speed	Paper Size	Hopper Capacity
FD1200	10000	35/Minute	Max: 8 ½ x 14	75 Forms
FD1400	15000	60/Minute	Max: 8 ½ x 14	100 Forms
FD1500	20000	85/Minute	Max: 8 ½ x 14	150 Forms
FD1500 Plus	20000	5,200/Hour	Max: 8 ½ x 14	150 Forms
FD2000	35000	7,000/Hour	Max: 8 ½ x 14	200 Forms
FD2030	75000	9,000/Hour	Max: 8 ½ x 14	250 Forms
FD2054	200000	16,450/Hour	Max: 12 ¼ x 18	500 Forms
FD200IL	50000	Printer Dependent*	Max: 8 ½ x 14	Printer Dependent
FD2052IL	175000	Printer Dependent*	Max: 8 ½ x 14	Printer Dependent

Hi-capacity pressure seal machines available. Contact your Bottomline Technologies representative for more information.

\* In line Pressure Seal machines are printer dependent and require certain model printers.
