

# Mobile Banking App

THE MOBILE OPTIMIZED COMMERCIAL DIGITAL BANKING EXPERIENCE

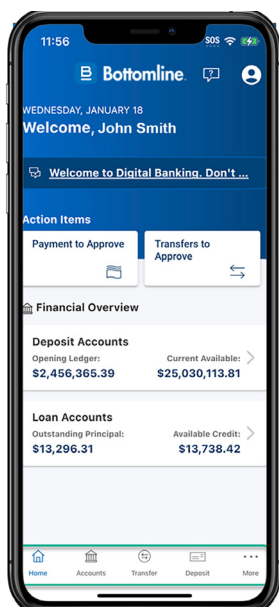

Your small business and commercial customers expect digital experiences similar to those they enjoy as consumers with everything they need to run their business in the palm of their hand. The Commercial Digital Banking mobile app from Bottomline is a mobile optimized banking experience, providing real-time views of account and transaction details, efficient ways to monitor cash flow, and quick access to send and receive payments on the fly, plus much more.

You'll help your business customers bank more productively by reducing the need for frequent branch visits and giving them the power to bank where they are. The mobile app puts your bank at the center of your customers' everyday banking, making it even easier to earn the primary relationship.

## Account Activity in the Palm of Your Customers Hands

- 1 Check account balances in real time effortlessly
- 2 Move money from throughout accounts easily
- 3 Send and receive payments quickly
- 4 Approve payments sent by office admin promptly
- 5 Adjust user permissions or transaction limits simply
- 6 Review transactions and respond accordingly

### New! Tap to Pay on iPhone

Enable your business customers to accept contactless, in-person payments with only an iPhone. The newest feature from our third party partner, Autobooks.
