

Payments Hub

We understand that sending and receiving domestic and international payments can be challenging, especially if you're using legacy, fragmented systems and manual processes.

But it doesn't have to be.

Our award-winning cloud solution takes the pain out of the process by providing a powerful central payments hub that enables you to:

Connect via APIs, SFTP and directly into Swift.

Integrate feeds from all your banks and ERPs.

Automate payment formatting and processing of domestic and international payments.

Configure workflows, approvals and straight-through processing.

Secure payments with sanctions screening, SSO and multifactor authentication.

Take control, reduce costs, increase efficiency and security of your entire payments process with PTX Payments Hub.
