

One Access Point to a Network that Pays Back

Paymode for Digital Banking puts 600,000+ pre-verified vendors in your customers' daily flow.

The Vendor Network Your Customers Want. The Access You Own.

By combining two industry-leading powerhouses—Paymode and Digital Banking—you unlock new revenue opportunities while elevating your business customers' digital banking and payments experience. Integrating Paymode, Bottomline's vendor-funded B2B payments network, into your commercial Digital Banking platform gives your customers seamless access to pay vendors using Premium ACH. This proprietary payment type transforms routine low-value ACH or check payments into a new income stream by generating cash back from every transaction.
