

Frost

and Bottomline Technologies
Partner to Deliver Top Quality
Service with DBIQ Enterprise

Challenge

Frost needed an online banking provider that not only met its needs, but also aligned with its culture and core values of integrity, caring and excellence. Frost was looking for a company that could form a strong partnership with them to help them achieve their growth goal of increasing their market share

Solution

Bottomline's DBIQ Enterprise, Secure Payments and Engage

Results

Bottomline's partnership with Frost provides a strong product for Frost's treasury management customers. The DBIQ Enterprise platform contributes to growing business, decreased successful fraud attempts and improved product capabilities to pass on to their customer base

"The Frost/Bottomline Technologies partnership could not be more perfect. When the Frost Treasury Management team was shopping for a new online banking platform provider in 2018, it was the promise by Bottomline to "delight the customer" that differentiated them from the competition. Bottomline has kept this promise multiple times and the Frost Treasury Management team could not be more pleased with the support provided by the Bottomline team. "

– Steve Berryman,
VP of Treasury Product
Management
