

## Hellmann Saves Time and Eliminates Challenging Internal Processes and Systems

*"From our perspective, it was quite simple. Bottomline was able to take our existing payment file format and import it straight into PTX. Once we were happy, we made the decision to switch over. It was a smooth process."*

- James Darlaston  
Business & IS Solutions Manager

### Challenges

- Constricted by IT hardware and support requirements with its previous solution

### Solution

- PTX Payments Platform
  - Cloud-based Bacs and faster payments solution

### Results

- Cloud-based platform reduces complexity of using an on-premise software
- Enables usage anytime, anywhere with no dependency on installed software and the costs associated
- Removes local IT management overheads
- Insulated from management of technical changes and legislated compliance
